We at Grampian are of the opinion that Scottish Dance Music was at its best in the 50's. This LP "OLDE TYME SAUNTER" recaptures this sound with one of its present day leaders ROB GORDON and his Scottish Dance Band from Balbeggie in Perthshire.

Rob has had a band for over 15 years, their popularity extending to most parts of Britain where Old Time and Scottish Dance Music is popular. Recently the band has been featured in David Webster's famous spectacular show "This is Scotland" touring all over Britain.
